

The Northern California Section of the
American Congress on Surveying and
Mapping proudly presents a

“Real Time GPS Networks” Seminar & Demonstration

Representatives from Haselbach Surveying Instruments (LEICA), California Surveying and Drafting Supply (TRIMBLE) and Engineering Supply Company (TOPCON) will offer information regarding their respective real time networks and demonstrate their operation.

If you've been looking for a way to implement survey grade GPS technology, reduce GPS set-up times, cut costs and achieve centimeter accuracy, there has never been a better time to sign on to a Real Time GPS Network. Haselbach Surveying Instruments' *RTKMAX*, California Surveying and Drafting Supply's *CSVSM*, and Engineering Supply Company's *ESCSurvey Net* has been working closely with their customers in order to provide the best GPS solutions available. Come see these GPS providers demonstrate the what, where, why and how Real Time GPS Networks operate!

Friday, October 26, 2007

at

Santa Rosa Junior College

"New Doyle Library"

Room 4246

1501 Mendocino Avenue

Santa Rosa, Ca 95401
